Oropa is pleased to announce results from diamond drill hole SHDD053, completed at its Sihayo 1 North project, North Sumatra, Indonesia.

Intercepts of 7m @ 1.84g/t Au from 16m, 22m @ 3.1g/t Au from 39m and 9m @ 4.43g/t Au from 81m were encountered in zones of hydrothermal brecciation.

This hole was designed to test for continuity of mineralisation towards grid south from previous intercepts, and will be utilised for metallurgical test work.

### **Drill Intercept Table**

Hole	Northing (local)	Easting (local)	Azimuth (magnetic)	Dip	Depth (m)	From (m)	То (m)	М	Au g/t
SHDD053	10,175	55,000	040	-60	157.2	16	23	7	1.84
						39	61	22	3.10
						81	90	9	4.43

Notes:

- 1. All assays were determined by 50gm fire assay
- 2. A 0.5ppm Au lower cut was used
- 3. A maximum of 2m of consecutive internal waste (material less than 0.5ppm Au) per reported intersection
- 4. All interval grades were calculated as a weighted average

#### **OROPA LIMITED**

PHILIP C CHRISTIE Director **Note 1:** It is advised that in accordance with the Australian Stock Exchange Limited Listing Rules (5 10, 5 12 and 5 13) the technical information unless otherwise indicated, contained in this report is based on information compiled by Mr. Jim Kerr. He fulfils the requirements of a "qualified person" and is a member of the Australasian Institute of Mining and Metallurgy. He is also an employee of the company.

**Note 2**: All statements in this report, other than statements of historical facts that address future timings, activities, events and developments that the Company expects, are forward looking statements. Although Oropa Ltd, its subsidiaries, officers and consultants believe the expectations expressed in such forward looking statements are based on reasonable expectations, investors are cautioned that such statements are not guarantees of future performance and actual results or developments may differ materially from those in the forward looking statements. Factors that could cause actual results to differ materially from forward looking statements include, amongst other things commodity prices, continued availability of capital and financing, timing and receipt of environmental and other regulatory approvals, and general economic, market or business conditions
